## SLX6 [6' X 12'8"]

part# DF301891

Weight: 321 lbs  
Weight Cap: 2000 lbs  
Extra 6" on each side of the platform, creates a walking platform to and from the port and dock and allows standing room while mounting/dismounting your PWC. 10 adjustable wheels.  
Volume Pack 6 pcs

12.8' in length and constructed of thick, rugged, foam-filled polyethylene. These unsinkable ports utilize a proprietary foaming process which increases buoyancy and structural integrity. Molded mounting pockets in all four corners allow for numerous anchoring possibilities.

Both ports accommodate any size personal watercraft and include a removable bow stop with tie-down ring and adjustable, polyurethane-overlaid wheels which can be strategically placed in the port bed to evenly distribute weight and aid in the loading/unloading process. Pebble Beach textured finish designed to match the Wave Dock system.

# THRUFLOW™ DECKING

## THRUFLOW™

GRAY

WHITE

BEIGE

The complete flooring system for docks, decks, marinas, gangways and walkways. Easy to assemble, maintenance-free and long-lasting.

ThruFlow™ is designed and engineered to be the finished decking surface for docks, decks, walkways and virtually any indoor or outdoor structure. ThruFlow™ panels are the ideal choice for: Docks and piers, decks and patios, marinas, walkways, gangways and ramps, any area prone to storm effects, or environmental sensitivity.

### Safety First

Proprietary molded-in 360 degree non-slip surface makes ThruFlow™ safe for children and always comfortable on the floor. ThruFlow™ also has complete fresh and saltwater tolerance.

### Environmentally Friendly

A grated design allows for maximum light penetration; protecting sensitive sea grasses and marine life. Total open area amounts to 43%.

### Maintenance-free

As a non-microbial product, ThruFlow™ does not allow for any leaching, rot, mildew or insect growth. There is absolutely no treatment required.

### Durable

Not only does ThruFlow™ have unparalleled strength, but its open design minimizes the lifting effects that waves and storm surge have on your dock. Survive the storm with ThruFlow™.
